L. S. G. VANWART, secretary of the Liberal Association and Board of trade, of Calgary, came on Monday's train.

F. JACKSON, of the Alberta Hotel, returned on last train from Banff where he has been recuperating his health for the past three weeks.

MONDAY's train did not arrive until six o'clock on Tuesday morning. The delay was caused by waiting to make connections with No. 1 and more time was lost after Calgary was left, by heavy snow on the track.

GEO. CLAYTON of the Marke, Dobie, Clayton Co., of Port Arthur, Ontario, who visited Edmonton two weeks ago, was so favorably impressed with the prospects of the town that he has decided to open a general supply house here. Work has now commenced on the erection of a warehouse 22 x 66, two stories high, on the lot adjoining J. T. Blouin's on the east.

SASKATCHEWAN Times, Feb. 24th: At the public meeting held yesterday it was decided to form a company here at once, to be known as the Prince Albert Prospecting, Mining and Forwarding Co. with a capital of \$100,000 in dollar shares, and to send out in the near future a small party in charge of a reliable man, who would prospect in the country around Hay and other lakes, and if found necessary, to go still further on. A committee has been formed, who will place shares on the market.

"Inside figures" are always interesting, and the following are certainly some striking ones about the Ladies Home Journal. During 1917, 8,183,113 copies of this magazine were printed and so thoroughly sold that the latter year's issue are still out of print. It consumes 4,434,362 pounds of paper in a year, and absorbs 30,902 pounds of ink. It runs 28 presses. The advertising columns contained \$498,325 worth of advertising and it is hard to tell the editors received 9,290 manuscripts and less than one per cent. accepted.

The Hardie Ideals, who have been playing for the past two nights in the Taylor Hall have been successful in filling the room to the limits of its not-too-extensive capacity and in fact have been compelled to turn a number away. Miss Galbraith, her sourette turns and costume dancing, created much amusement and applause as did also Mr. Sander in his humorous impersonations. Miss Ward is a vocalist of more than ordinary ability, but the size of the hall prevented her being heard to proper advantage. To-night in the company's last night here. To-morrow night they play in South Edmonton.

THE BULLETIN is in receipt of a letter from Louis Couture, written from Dawson City on the 18th of January. Among other things Mr. Couture states that the longer he is in that country the better he likes it. It is a land of gold and it is hard to tell where the finding of new auriferous ground will stop. New creeks are discovered every week and the gold commissioners' office is kept crowded. He says: "I have never seen such a country, where so much money can be made, not by mining only, but at other work. The rest of the Edmonton party have all recorded claims and Borden is the only one working at a mine for wages, \$15 a day." No mail packets have left Dawson for many months and all of the money letters which Mr. Couture wrote to his friends in Edmonton, are lying in the post office at Dawson. A few sent out by returning miners have reached civilization safely. Mr. Couture does not mention any anticipated starvation.

JOHN CAMERON returned on last train from Sandon.

A flock of ducks were seen over the town yesterday.

W. F. STUDEBAKER is inaugurating a daily bus line to run between Edmonton and South Edmonton four times a day. The line will be running by the first of March.

The postponed masquerade carnival under the auspices of the young ladies branch of the hospital aid, will be held without fail on Saturday evening next at the Thistle rink.

MESSRS. Miller, Frey, Blah, Lowell, Phillips, Heines and Sullivan, of Chicago, started for the Peace river on Monday. They take the new trail and will go to St. John with bob sleighs.

Michael Merrick started alone for Peace river to-day with a team of mules and a set of bob sleighs. After Fort St. John is reached he will continue by the new pass taken by Insp. Moodie.

THE Putnam-Conley party, comprised of M. E. Putnam, Dr. Conley, B. Wittichen, C. H. Meyers, H. Baumgarten, P. Minder and H. Nordahl, set out for Peace river by the new trail on Monday.

THE second game of hockey between the Stars and Capitals was played on the south side rink yesterday afternoon and resulted in another victory for the north side players by a score of seven to five.

MESSRS. Large & Picard received on Monday's mail a letter from Louis Couture with a Klondike nugget enclosed. The nugget was just as it was picked up and contains probably a dollars worth of gold.

WM. TRELL, one of Dr. Blair's party, who was ill with la grippe and remained behind, has recovered and started out yesterday for Peace river with M. and A. Monk and M. Butler, the "Little Four" party.

The new illuminant, acetylene gas, has been installed in W. T. Henry's new store by J. A. Stovel. This is the first store to introduce the light here and the result of the experiment are being watched with interest. The light is similar to the ordinary gas.

GOOD congregations listened to two inspiring sermons at the Baptist church on Sunday last by Rev. J. K. Crosswell. The occasion being the 5th anniversary of the church organization. The Pastor will speak next Sunday evening on "The Young Man's Hindrances."

THE Grand Forks Herald has the following: "New York capitalists will build a railroad this season from Edmonton, Northwest to the Peace river country, and the Grand Forks mining party will be able to come home this fall 'on the keers,' if they have the gold to pay the fare."

A CONTINGENT of Calgary curriers, consisting of Messrs. Trimble, Lee, Smart, Kinnison, McNeil, McLeod, Finham, Mielon, and Parlow, arrived on Monday's delayed train, to participate in the bospital here. Owing to the unfortunate circumstance of the train being twelve hours late they were unable to be here in time for the Old Timers' ball.

CALGARY HERALD: The advantages of travelling to the Yukon via the Mann-Mackenzie sledge road are best shown by the fact that the steamers which are carrying passengers who must travel over the sledge road, refuse to carry the outfit by which the sledge road is to be built. The passengers will have a chance to contemplate the beauties of nature till the road comes. The many parties who are travelling via Edmonton are in the meantime making a road which is improving daily.

THE Cosgrove Company have been playing for the past two nights in the Opera House here to good business. Their programme as rendered was a decided improvement on the one presented by their former appearance here. The company is unchanged except for the addition of Miss Mackie, a clever elocutionist. The descriptive songs with stereoscopic slides and vaudeville and vaudeville. To-night and to-morrow are the last nights of the company here, and they are entitled to continued good patronage.

THE Winnipeg Tribune says: "Mr. Foulds, whose sister is the wife of Chief Factor Cammell, at Fort Simpson, has received a letter which states that while several of the boys were excavating for the foundation of the cabin on the Liard river, where it empties into the Mackenzie, near Fort Simpson, they came upon rich deposits of placer gold, the nuggets being the size of a pea. This find indicates that the placer deposits are not confined to the western slope of the Rocky Mountains, but that they exist on the eastern slope as well, which is most reasonable and what might be expected. The 'boys' referred to are probably the members of the Montreal-Yukon party who are wintering there."

C. H. PASSELLS, who recently returned from the vicinity of Peace river, where he had gone with the Fresno party, has given a Chicago paper a barrowing tale of the hardships of the old pack trail to Peace river via Lac St. Ann. Mr. Passells seems to have followed the precedent of his predecessors who endeavored to excuse themselves for their inability to get through by multiplying the hardships which they encountered. Allowing for the moment that Mr. Passells' tale is true, it furnishes no cause to deter others from making the trip over the old pack trail which his party followed. It is now abandoned in favor of the new government road by Fort Assiniboine, which permits of the passage of bob sleighs direct from Edmonton to a point far beyond that reached by Mr. Passells' party. The trip which took him over two months was made since in less than thirty days by Sergt. Major McDonnell, of the mounted police, and the journey by the new trail has been made in an equally short time by Insp. Snyder on a late patrol.

THE presbytery, of Edmonton, will meet in the Presbyterian church, Edmonton, on Tuesday, March 1st, at 10 a.m. The Rev. Dr. Robertson is expected to be present at the meeting.

H. MILLER, D. Burns and Frank Terrill, late of the Chicago steam sleigh company, and Dan McRae, a well known old time miner of Edmonton, are preparing to start for Peace river and the Nelson and expect to get away by Saturday. The remainder of the Chicago party have split into two companies and will go by the water route when spring opens.

HARRY SOMMER, of Chicago, arrived on last train, the advance agent of a party of four others who will follow shortly. The other four are Leo and Geo. Healy and Otto Sommer and his bride. Otto Sommer intended leaving for the gold fields some time ago, but the objections of his fiancée prevented his departure and in order to solve the difficulty they were married and their honeymoon will be spent en route to the gold fields by the all-Canadian route.

CARD OF THANKS.

Mr. Cosgrove wishes to thank the citizens of Edmonton for their very liberal patronage so far under such adverse circumstances. Doing the splendid business we are doing is marvelous, and we hope our future efforts will be as richly appreciated by the citizens of Edmonton as they are at present. We also wish to thank the mayor of Edmonton (Mr. W. S. Edmiston) very kindly for presenting us with the very fine views of Klondike parties &c., for use in our entertainments.

Mutual Reserve Fund Life Association

. . . OF NEW YORK . . .

LARGEST NATURAL PREMIUM LIFE ASSOCIATION IN THE WORLD.

The Mutual Reserve gives protection at cost, and protection is all there is worth having in any form of insurance. Don't consider life insurance as an investment, for it isn't anything of the sort, nor pay an extra cent with the mistaken idea that ten, fifteen or twenty years hence the company will purchase your lifetime, accumulative or endowment policy back from you at a profit to yourself. It can't be done, and the agent who promises you such is either a knave or a fool.

The Mutual Reserve gives you insurance at about 40 per cent. less than the old line companies charge for their straight life policies.

SPECIAL FEATURES OF THE POLICY ISSUED BY THE MUTUAL RESERVE

- (1) In the event of the permanent disability, one half the face value of the policy will be paid.
- (2) No restriction as to travel, occupation or residence.
- (3) After it has been in force three years it will be incontestable, except for non-payment of premiums, as stipulated in the contract, or for mis-statement of age.
- (4) Dividends annually after the eleventh year.
- (5) Cash surrender after five years.
- (6) Extended insurance after policy has been in force five years.

Assets to liabilities nearly three times that of any other company in existence.

EDMONTON BULLETIN, FEBRUARY 24, 1898

A PACK TRAIL FROM THE PEACE TO THE PELLY.

As mentioned in last issue, a special meeting of the town council was held in the council chamber on Tuesday afternoon to finally decide on a course to be adopted regarding the expenditure of the \$1,000 granted by the government to assist in the opening of a pack trail from Peace river to the Pelly. The telegraphic communications which had passed between the town and the minister and member at Ottawa, were read. Mr. Oliver's last telegram, received on Tuesday morning, stated that he had interviewed the minister of interior and had been assured by him that the government's \$1,000 grant would be paid by the 1st of July, the beginning of the fiscal year. For the purpose of immediate action it was decided to raise the amount here on the personal note of the councillors and to this end a committee consisting of the mayor and Councillors Hourston and McLeod, was appointed to negotiate the loan with the bank, with power to act. The amount raised will be refunded to the councillors on receipt of the government's grant in July. The matter of the immediate raising of the amount being settled, the next step, as to the disposition of the monies came up for consideration and was disposed of by appointing a committee composed of the mayor and Councillors McLeod and Hourston and Messrs. Cowie, Tims and Picard, of the board of trade, to engage a guide and arrange all the details as to payment and the route to be travelled. After a short discussion it was decided to engage W. P. Taylor, of Lac St. Ann, his remuneration to be \$950, payable \$500 down and the balance on his return and after giving satisfactory proof of having successfully completed the journey. He is to start out at once and his route will be either from the Peace river crossing or Dunvegan, whichever seems advisable to him, and thence in as direct a line as possible to the Pelly river, and return. He is also to blaze a trail for the benefit of the parties who will follow him, and keep a diary of the conditions of the country travelled. He will probably start to-day. There are now a large number of prospecting parties at Peace river crossing and other points along the trail and a number of these will follow the trail blazed by Mr. Taylor and they agree, in consideration of having a guide furnished them, to cut a pack trail through the country travelled.

TORONTO FOR THE EDMONTON ROUTE.

Toronto, Feb. 16.—Frank Oliver, M. P., had been announced to address the board of trade this afternoon on the advantages of the Edmonton route to the Yukon, and with him D. W. Bole and C. N. Bell, president and secretary, respectively, of the Winnipeg board of trade. Mr. Oliver was delayed by a snowed up train, and could not come from Ottawa. Messrs. Bole and Bell spoke at some length on the same lines as at the recent Winnipeg meeting. H. Bentley, mayor of Lethbridge, and president of the board of trade there, also spoke. Several local members spoke in favor of the government assisting the route, and a resolution was passed asking that the Dominion government be requested to begin the construction of a wagon route between Peace and Nelson rivers, and thence to Pelly river, and also such improvements to the portages as may be necessary on the Mackenzie river to accommodate the large number of prospectors, etc., availing themselves of these routes, and also to facilitate the opening up of the country for agricultural purposes.

OLD TIMERS' BALL.

The annual ball of the Edmonton Old Timers' Association was held in opera house on Monday evening last. The room was tastefully decorated and adorned with furs and across the stage was erected an old time shanty in all its rustic simplicity. Traps and furs hung from the walls and several signs bearing the inscriptions, "Burbank's stopping place. Guides furnished to the Nelson and Liard," "Dining room girl wanted," etc., also decorated the walls. In point of attendance the ball exceeded all expectations—there being probably one hundred and fifty couples present. The old time effect was also added to by some of the numbers on the programme, notably the duck dance and the time honored Red River jig. A splendid supper had been prepared and was served in the Jasper House, opposite the hall. The orchestra was composed of two violins and a piano.

The following were among the many handsome costumes worn. The list while not being complete, is as nearly so as it was possible to procure under the circumstances. Mrs. Almon, white corded silk and yellow velvet, with gold and pearl ornaments; Mrs.

Dan Mann, of Teelin lake railway fame, is fuming like a caged lion. He has 4,000 men in Vancouver engaged to work on the construction of the proposed railway and cannot charter a steamer for love or money to transport them to the scene of operations. Though five steamers touch Vancouver every day, bound for the Klondike, it is impossible to secure berths on board as all have been previously engaged. This conveys some idea of the rush.

ST. ALBERT

Is a good business town nine miles north-west of Edmonton, directly on the road to the Great Gold Fields of the Peace, Liard and Pelly rivers and beyond.

There are several large establishments here, including Stores, Butchers, Hotels, Blacksmiths and Freighters.

Intending Gold-seekers are advised to come here, for living is cheap, reliable information from the natives of the country may be had for nothing, and this is the last outfitting point for the Klondyke.

Packhorses to any number can be bought here cheap, and encumbrances with abundance of wood and water are to be found everywhere.

H. W. McKenney
